

## Art. SMART

### Characteristic

This item comes directly from the variegated leather sector and it is perfectly suitable for the furniture world to cover sofas, accessories, beds, furniture and so on. Thanks to its very nice and elegant aspect it goes perfectly near textures and upper leathers. Its retanning process and the use of paints are carried on in the full respect for man and the environment.

Considering the particular features of the SMART item all the physical resistances are reduced. Therefore no claims are accepted as to the scarce holding of finishing and colour.

### Technical sheet

Analysis	Performance
<b>Technical Characteristic</b>	
Thickness	: 0.9/1.1 mm
Origin of raw material	: Exotic selected half-cowhide
Tanning	: Chrome
Dyeing	: Through dyed
Finishing	: Retouched printed grain
<b>Physical Test</b>	
Resistance against wet rubbing iuf 450	: 50 cycles
Resistance against dry rubbing iuf 450	: 500 cycles
Bending fatigue	: 30000 bendings
Light fastness	: min. 3
Cigaret test	: bs 5852-1/79
